Domestic animals and dairying ,1912 *Peaceful Neighbor* Michael Long, 2015-03-13 Fred Rogers was one of the most radical pacifists of contemporary history We do not usually think of him as radical partly because he wore colorful soft sweaters made by his mother Nor do we usually imagine him as a pacifist that adjective seems way too political to describe the host of a children's program known for its focus on feelings We have restricted Fred Rogers to the realm of entertainment children and feelings and we've ripped him out of his political and religious context Rogers was an ordained Presbyterian minister and although he rarely shared his religious convictions on his program he fervently believed in a God who accepts us as we are and who desires a world marked by peace and wholeness With this progressive spirituality as his inspiration Rogers used his children's program as a platform for sharing countercultural beliefs about caring nonviolently for one another animals and the earth To critics who dared call him namby pamby Rogers said Only people who take the time to see our work can begin to understand the depth of it This is the invitation of *Peaceful Neighbor* to see and understand Rogers's convictions and their expression through his program *Mister Rogers Neighborhood* it turns out is far from sappy sentimental and shallow it's a sharp political response to a civil and political society poised to kill The Spectator ,1880
