Do It Anyway The New Generation Of Activists:

Do It Anyway Courtney E. Martin, 2010-09-07 If you care about social change but hate feel good platitudes *Do It Anyway* is the book for you Courtney Martin's rich profiles of the new generation of activists dig deep to ask the questions that really matter How do you create a meaningful life Can one person even begin to make a difference in our hugely complex globalized world

Changemaker Lisa Mueller, 2024-08-22 I love this book At a time in which activism must urgently rise to be a much more effective tool for systems change Mueller gives us a deeply researched yet practical reference book to methodically take activism from passion to impact Christiana Figueres author *The Future We Choose* From Occupy Wall Street and the Arab Spring to the pro democracy uprisings in Hong Kong and the George Floyd protests in Mueller's hometown of Minneapolis we are seeing one of the largest worldwide swells of unrest in human history and yet the individuals taking part have little sense of whether and when their bravery and sacrifice make a difference *Changemaker A Data Driven Guide to Being an Effective Activist* will place proven tools in the hands of activists on the ground with careful attention to the ethics of implementing various strategies Current events and evolving technologies create an urgent need for an understanding of how to make protest and activism effective Democratically minded protesters are under pressure to keep up with authoritarians who are quickly learning how to use science and data analytics to get the upper hand on anyone who would defy them This book can help to level the playing field between the enemies and guardians of freedom *Changemaker* provides a comprehensive practical and essential playbook for both seasoned and aspiring activists and all those interested in how to effect real change Including stories and quotes from activist protesters Mueller incorporates lessons from international protest movements that social scientists study extensively but that many Western activists know little about

Girls Like Us Rachel Lloyd, 2024-04-16 Powerfully raw deeply moving and utterly authentic Rachel Lloyd has turned a personal atrocity into triumph and is nothing less than a true hero Never again will you look at young girls on the street as one of those women you will only see little girls that are girls just like us Demi Moore actress and activist With the power and verity of *First They Killed My Father* and *A Long Way Gone* Rachel Lloyd's riveting survivor story is the true tale of her hard won escape from the commercial sex industry and her bold founding of GEMS New York City's Girls Education and Mentoring Service to help countless other young girls escape the life Lloyd's unflinchingly honest memoir is a powerful and unforgettable story of inhuman abuse enduring hope and the promise of redemption

The New Science of Social Change Lisa Mueller, 2024-08-20 In this accessible guide for activists scholar Lisa Mueller translates cutting edge empirical research on effective protest to show how to make movements really matter We are in the middle of a historic swell of activism taking place throughout the world From Occupy Wall Street and the Arab Spring to pro democracy uprisings in China Black Lives Matter the Women's March on Washington and more recent pro choice protests folks everywhere are gathering to demand a more just world Yet despite social engagement being at record highs there is a divide between the activist community and

the scientists like Lisa Mueller PhD who study it In The New Science of Social Change Mueller highlights what really works when it comes to group advocacy to place proven tools in the hands of activists on the ground in the U S and abroad Drawing on both her decade long career researching the science of protest and the work of other scholars she stresses such things as the ingredients of collective action and how protests with cohesive demands are significantly more likely to win concessions than protests with mixed demands Incorporating interactive exercises and the voices of experienced activists with her analysis Mueller shows how a working knowledge of social science can help activists implement more effective strategies to create the real world changes we want to see

Who Will Roll Away the Stone? Ched Myers, 1994 The author of the critically acclaimed *Binding the Strong Man* exposes the social and spiritual stones that impede us in our development and growth as Christians In every age writes Myers disciples despair that the story has ended only to discover that the stone has been rolled away reopening the possibility and imperative of following the Way of Jesus As a sequel to *Binding the Strong Man* *Who Will Roll Away the Stone* brings Myers study of the gospel of Mark full circle The first book provided a compelling reading of Mark's gospel as a manual of radical discipleship in the ancient Roman empire *Who Will Roll Away the Stone* picks up and extends the gospel's challenge specifically to those living in the contemporary imperial context Each chapter opens with classic questions from within the gospel itself Beginning with Peter's denial of Jesus Who
