## **Doctors On Horseback Pioneers Of American Medicine:**

**Doctors on Horseback** James T. Flexner, 1992-11-01 The man in the street would not perhaps recognize all the names of the brilliant scientists whose careers and personalities animate this book but doctors know them Morgan who founded the first medical school in American and fighting beside Washington was ruined by the petty politics of the Revolution McDowell who although on the fringe of the wilderness dared the operation that prepared the way for all abdominal surgery Rush the equivocal personality who for better or worse dominated American medicine for more than fifty years Beaumont who saving a life won a living laboratory Drake who brought modern medicine to the New West Long and Morton who banished pain from surgery and earned it for themselves these men are honored in their profession today **Doctors on Horseback** James Thomas Flexner, 1954 An Informal History of American Medicine from the Colonial Era through the 20th Century Curtis E. Margo, 2023-04-26 American medicine defies simple characterization Its history is filled with as much triumph as controversy which may explain why the delivery of health care in America is described as both the best and the worst of any industrialized country in the world This book examines the convoluted course of medical practice in America from its roots in rural colonial society to the end of the 20th century This story is chronicled through narratives of major events famous individuals and professional organizations and institutions Unlike most historical treatises on medicine the stories in this book evenly explore accomplishment and misadventure In many ways mishap and calamity have done more to steer American medicine to its current position than the exploitation of science and technology The diversity of medical practice from the conflict over smallpox inoculation and the building of the Mayo Clinic to the disgrace of the Tuskegee affair are brought to life in 26 chapters These narratives also place in perspective the conflicting tenets of American medicine humanitarianism and commercialism **The Social Ideas of American Physicians (1776-1976)** Eugene P. Link, 1992 The Hippocratic Oath is viewed as a paradigmatic summary of the physician's role This book details the Declaration of Geneva as the revised version of the Oath Illustrated Medicine Walter James Greenleaf, 1930 **National Library of Medicine Current Catalog** National Library of Medicine (U.S.), 1969 **The Midwest Pioneer, His Ills, Cures, & Doctors** Madge Evelyn Pickard, Roscoe Carlyle Buley, 1946 In this book first published in a limited edition in 1945 the authors have endeavored to render a brief non technical but substantial account of pioneer medicine in the Middle West Foreword **Index-catalogue of the Library of the Surgeon General's Office, National Library of Medicine** National Library of Medicine (U.S.), 1961 Collection of incunabula and early medical prints in the library of the Surgeon general's office U S Army Ser 3 v 10 p 1415 1436 *Seeking the Cure* Ira Rutkow, 2010-04-13 A timely authoritative and entertaining history of medicine in America by an eminent physician Despite all that has been written and said about American medicine narrative accounts of its history are uncommon Until Ira Rutkow's *Seeking the Cure* there have been no modern works either for the lay reader or the physician that convey the extraordinary story of medicine in the United States Yet for more than three centuries the

flowering of medicine its triumphal progress from ignorance to science has proven crucial to Americans understanding of their country and themselves Seeking the Cure tells the tale of American medicine with a series of little known anecdotes that bring to life the grand and unceasing struggle by physicians to shed unsound if venerated beliefs and practices and adopt new medicines and treatments often in the face of controversy and scorn Rutkow expertly weaves the stories of individual doctors what they believed and how they practiced with the economic political and social issues facing the nation Among the book's many historical personages are Cotton Mather Benjamin Franklin George Washington whose timely adoption of a controversial medical practice probably saved the Continental Army Benjamin Rush James Garfield who was killed by his doctors not by an assassin's bullet and Joseph Lister The book touches such diverse topics as smallpox and the Revolutionary War the establishment of the first medical schools medicine during the Civil War railroad medicine and the beginnings of specialization the rise of the medical industrial complex and the thrilling yet costly advent of modern disease curing technologies utterly unimaginable a generation ago such as gene therapies body scanners and robotic surgeries In our time of spirited national debate over the future of American health care amid a seemingly infinite flow of new medical discoveries and pharmaceutical products Rutkow's account provides readers with an essential historic social and even philosophical context Working in the grand American literary tradition established by such eminent writer doctors as Oliver Wendell Holmes William Carlos Williams Sherwin Nuland and Oliver Sacks he combines the historian's perspective with the physician's seasoned expertise Capacious learned and gracefully told Seeking the Cure will satisfy armchair historians and doctors alike for as Rutkow shows the history of American medicine is a portrait of America itself

Index-catalogue of the Library of the Surgeon-General's Office, United States Army National Library of Medicine (U.S.),1961      **Index-catalogue of the Library of the Surgeon General's Office, United States Army (Army Medical Library)** National Library of Medicine (U.S.),1961      **Index-catalogue of the Library of the Surgeon General's Office, National Library of Medicine: Subjects A-M** National Library of Medicine (U.S.),1961      **Annals of Medical History** ,1928      Bulletin to the Schools ,1943 Issues for 1975 v 61 include the Annual report of the New York State Education Department previously issued as a separate title call no 370 9747 N48r      Medical Reference Works ,1967      **Medical Journal of Australia** ,1922
