Executives, senior managers and leaders have this need too. Through simple practical and effective tools validated by Emergency Department clinicians, this book provides health professionals with a team-based approach for being more effective communicators and influencers along the patient care journey. If this approach can work in the ED, we believe it can be successful in other sectors and settings too. It introduces the approach of action learning, the secret to continuous improvement, provides a rich collection of real stories from clinicians, case studies, exercises, activities and self-assessment tools targeting professionals seeking to significantly improve not only their own communication and influencing skills but also those of their colleagues.
