Documents of Christian Worship James F. White, 1992-01-01 Based on twenty years of teaching experience James White presents this reference book as a resource for students and scholars who are engaged in studying and teaching the forms and meaning of Christian worship White utilizes original documents and classical statements related to worship and examines historically the application of liturgical practice in parish life *SCM Studyguide: Liturgy, 2nd Edition* Stephen Burns, 2017-10-30 The SCM Studyguide Liturgy 2nd Edition is an introduction to liturgy that considers the basic building blocks needed to grasp the subject area It outlines the essential shape and content of Christian worship and explores a range of liturgical dynamics of which both students of liturgy and leaders of liturgy need to be aware This 2nd edition of the popular Studyguide is fully revised updated and expanded The book takes account of new developments in scholarship engages with new contexts for liturgical celebration notably fresh expressions as part of a mixed economy of church encompasses recent revisions in liturgy and seeks to broaden the engagement beyond the British context to consider the wider global context *The New Apologetics* Ian S. Markham, 2020-03-27 Skepticism about Christianity abounds Building on the work of Charles Taylor Ian S Markham argues that contemporary skepticism is more a mood than an intellectual repudiation of Christian theology In its attempt to accommodate science the church too often opts for deistic responses that take the spiritual out of the material Against this response Markham argues for a rich imaginative account of the world that is grounded in Christian revelation and affirms spiritual causation angels and the reality of the saints It is a clarion call for the Western church to learn from the church in the Global South and create a rich theology that lives up to its professed values as a genuinely inclusive church **An Introduction to Ministry** Ian S. Markham, Oran E. Warder, 2016-01-19 An Introduction to Ministry is a comprehensive and ecumenical introduction to the craft of ministry for ministers pastors and priests that make up the mainline denominations in the United States Ecumenically focused It offers a grounded account of ministry covering areas such as vocation congregational leadership and cultivation of skills for an effective ministry Covers the key components of the M Div curriculum offering a map and guide to the central skills and issues in training Explores the areas of vocation skills for ministry and issues around congregational leadership Each topic ends with an annotated bibliography providing an indispensable gateway to further study Helps students understand both the distinctive approach of their denomination and the relationship of that approach to other mainline denominations Advocates and defends a generous understanding of the Christian tradition in its openness and commitment to broad conversation **Christian Life** Kelly M. Kapic, 2025-12-02 A Dogmatic Exploration of the Christian Life What is Christian life Although we often use this phrase we rarely take the time to understand its theological basis In this volume in Zondervan Academic's New Studies in Dogmatics series theologian Kelly M Kapic reflects on Christian life its foundation its nourishment and its goal Kapic contends that Christian life is first and foremost one that is lived in response to the love of God But to properly frame this love Kapic

contends we need to consider divine and human agency What we discover is that not only did the triune God first love us but the incarnate Son also first loved God for us And now we respond to God's love as those who have been united to Christ and his people by the Spirit Shaped by the community of faith especially through corporate worship Christians thus participate in this love of God and neighbor What is true of the whole discipline of theology is thus reflected in Christian life Christ is its foundation Christ is its source of nourishment and Christ is its goal *Readings in Christianity* Robert E. Van Voorst, 1997 This book is designed to facilitate the study of Christianity by providing the most notable and instructive readings available The anthology also sets these readings in the context of the religious tradition itself **Theology**, 1996 *Guide to Reprints* Albert James Diaz, 2000 *America, History and Life*, 1996 Provides historical coverage of the United States and Canada from prehistory to the present Includes information abstracted from over 2 000 journals published worldwide The British National Bibliography Arthur James Wells, 1996 **Pastoral Music**, 1992 **Encyclopedia Americana: Cathedrals to Civil War**, 2005 **Holy Saturday** Phyllis Zagano, 2000 CTS Book of the Year A serious effort to faithfully investigate the history and canonical viability of the female diaconate Based on thorough research as well as sound historical and theological analysis and reflection this book makes a significant contribution to the discussion and development of women's roles in the modern church **Current Contents Arts and Humanities**, 1995 American Book Publishing Record, 1992 **Guide to Reprints**, 2000 **Encyclopedia Americana** Scholastic Library Publishing, 2006 Jubilate! Don Hustad, 1981 Comprehensive approach to church music as a functional art which must be judged by how well it served God and the church in a cultural context **Bibliographic Index**, 1994 **Sacraments and Worship** Maxwell E. Johnson, 2012-01-01 The church's development and use of sacraments has evolved in many ways from the days of the early church to the present This sourcebook provides key theological texts that played a role in those movements Johnson traces the history and theology of individual sacraments along with their liturgical context in the church's worship He includes materials previously developed in James F White's classic collection Documents of Christian Worship Descriptive and Interpretive Sources Westminster John Knox Press 1992 and supplements these to provide a wide range of indispensable materials He also contributes helpful background notes to give the reader the full breadth and depth of the church's thought on these important topics This book will be of great value to those studying the history of Christian worship and the development of the sacraments
