English In Cameroon Contributions To The Sociology Of Language:

International Journal of the Sociology of Language ,1974 *Applied Cultural Linguistics* Farzad Sharifian, Gary B. Palmer, 2007-01-01 Printbegrensninger Der kan printes 10 sider ad gangen og max 40 sider pr session **World Englishes** Hans-Georg Wolf, Frank Polzenhagen, 2009-02-26 The book is the first of its kind to establish Cognitive Linguistics as a research paradigm within the field of world Englishes The authors survey the main tenets of both areas of linguistic enquiry and suggest that the theoretical and methodological apparatus developed both within Cognitive Linguistics generally and within its novel sub discipline Cognitive Sociolinguistics can overcome certain limitations inherent in traditional approaches to cultural variation in language They present a case study of the linguistic realization of the cultural model of community in African English as an exemplar for the investigation of cultural models in other varieties of English Corpus linguistic methods are combined with conceptual metaphor analysis and blending theory to elucidate a vast network of conceptualizations salient to speakers of African English The findings based on computer corpora and a range of additional sources are discussed against the background of work in anthropology religious studies and political science The book also reflects on the role of English in intercultural communication and concludes with a comparison of Cognitive Linguistics and pragmatic functionalism placing the former in the wider framework of a hermeneutic philosophy that stresses dialogic understanding

The Survey of Pidgin and Creole Languages Susanne Maria Michaelis, Philippe Maurer, Martin Haspelmath, Magnus Huber, 2013 The most authoritative guide ever published to the world's pidgin and creole languages The 3 volume Survey describes their histories and linguistic characteristics The Atlas of Pidgins and Creoles published at the same time shows how 130 linguistic features are distributed among the world's languages *Language Pedagogy* Martin Pütz, Susanne Niemeier, René Dirven, 2012-12-17 As a usage based language theory cognitive linguistics is predestined to have an impact on applied research in such areas as language in society ideology language acquisition language pedagogy The present volumes are a first systematic attempt to carve out pathways from the links between language and cognition to the fields of language acquisition and language pedagogy and to deal with them in one coherent framework applied cognitive linguistics

Explorations Into Language Use in Africa Augustin Simo Bobda, 2008 The series Duisburg Papers on Research in Language and Culture presents a forum for linguistic research on the interrelationship between language and culture The series is interdisciplinary in nature and consists of monographs and collections of papers The main purpose of the editors is to initiate a dialogue between linguistic science and neighboring disciplines such as sociology anthropology semiotics literary studies and intercultural communication **Àkùngbá Journal of Linguistics and Literatures** ,2016 English in Cameroon Hans-Georg Wolf, 2001 The multilingual situation in Cameroon and the status of English as a co official language constitute a unique and fascinating case for sociolinguistic investigation Drawing from first hand material the author investigates several aspects of this complex configuration including the historical development of English in Cameroon the

various languages and lingua franca areas the linguistic policy the de facto status of English and the situation in the anglophone provinces The speech community of the Anglophones is highlighted as a rare example of an ethnicity tied to the second language Apart from important sociolinguistic findings the work includes a novel corpus based analysis of Cameroon English Certain lexical phenomena are explained by the cognitive coding of culture particularly the African cultural model of community which also underlies the self perception of the Anglophones a perspective hitherto neglected in the study of the New Englishes *Linguistics and Language Behavior Abstracts*, 2009-04 *Cognitive Sociolinguistics* Gitte Kristiansen, René Dirven, 2008 A union of Cognitive Linguistics and Sociolinguistics was bound to happen Both proclaim a usage based approach to language and aim to analyse actual language use in objective ways Whereas Sociolinguistics is by nature on the outlook for language in its variety CL can no longer afford to ignore social variation in language as it manifests itself in the usage data Nor can it fail to adopt an empirical methodology that reflects variation as it actually occurs beyond the limited knowledge of the individual observer Conversely while CL can only benefit from a heightened sensitivity to social aspects the rich bottom up theoretical framework it has developed is likely to contribute to a much better understanding of the meaning of variationist phenomena The volume brings together fifteen chapters written by prominent scholars testifying of rich empirical and theoretizing research into the social aspects of language variation Taking a broad view on Cognitive Sociolinguistics the volume covers three main areas corpus based research on language variation cognitive cultural models and the ideologies of sociopolitical and socio economic systems

A Selected Bibliography on the Sociology of Language with the Emphasis on Sources on Language Planning in Africa August Dawid de Villiers Cluver, 1996 This work aims to provide the most comprehensive bibliography in the domain of Sociolinguistics and in the field of language planning The 640 page publication gives access to a large percentage of the published literature via a sophisticated thesaurus As the title indicates Africa and specifically southern Africa is covered in great detail Sources on the history and development of the languages of Namibia and Zimbabwe have been included Apart from sources on the languages of Africa the bibliography also offers a comprehensive overview on topics such as language conflict language decline language development and language rights as well as a section on translations and interpreting The categorisation of sources is intended to stimulate researchers and postgraduate students and this makes the bibliography an indispensable tool for librarians and senior academics *Language Teaching and Language Use in Non-Native Settings* Antoine Willy Ndzotom Mbakop, Nicoline Agbor Tabe, 2020-09-11 From Cameroon to Turkey through Jordan this short volume illuminates the discrepancy between stated language teaching norms and real life language use in non native settings It underscores the limitations of teaching materials styles and methods with regard to learners communication needs and provides well matched answers to foreign language classroom problems This book will be of interest to language teachers and researchers who will gain an insight into the challenges of the foreign language class in different non native milieus and therefore enrich their

teaching competence Educational policy makers can also use it as a guide for designing contextually appropriate curricula and materials Cultural Conceptualisations in West African English Frank Polzenhagen,2007 This book is an application of the cognitive linguistic framework to the study of the New Englishes specifically West African English Its theoretical part provides an outline of the analytical tools in particular conceptual metaphor metonymy and cultural model theory Using corpus linguistic methods and incorporating research from neighbouring social sciences the empirical part explores culture specific conceptualisations and their linguistic expression in the variety under analysis The findings attest to the cultural contextualisation of the English language in the West African setting The last part of the book critically discusses the current debate on the role and spread of English as a global language from a cognitive linguistic and discourse analytical perspective

Studies in African Varieties of English Peter Lucko,Lothar Peter,Hans-Georg Wolf,2003 A collection of articles dealing with African in particular West African varieties of English including English based Pidgins and Creole languages some of which have received only scant attention so far *Es* ,2006 Crossing Borders Anne Schröder,2004 This book shows new approaches to the African continent and its various cultures explores different facets of African cultures as they exist or undergo changes and illustrates how and where African and European cultures come or have come into contact interact and create something new The contributors are social cultural and literary scientists linguists and artists of various cultural backgrounds who investigate topics on an African country and who use novel and often interdisciplinary methods Their joint interest is a better understanding of the multifaceted character of the African continent which is still often depicted as a cultural monolith by exploring contemporary African literature theatre film music and the use of linguistic methods as well as the experience of Africans in diasporas **Journal of Cultural Studies** ,2001 **Studia Anglica Posnaniensia** ,2006 **English and American studies in German** ,2002 Summaries of theses and monographs **Anthropological Linguistics** ,2001
