*Staffing Your Children's Ministry* Vernie Schorr, Wes Haystead, 2009-05-01 Written by Vernie Schorr and revised by Wes Haystead this practical book for children's ministry leaders tells you how to accomplish your staffing goals without losing your focus on children. Topics include: o The value of children o Programming to meet needs o Recruiting workers o Training volunteers before assigning a task o Providing in-service training o Evaluating encouraging and supporting your volunteer staff. This updated version includes critical issues that children's ministry leaders must not ignore: screening volunteers, preventing child abuse, and maintaining a secure environment for the children. Includes Reproducible Teacher training Sessions.

A Sensory Approach to STEAM Teaching and Learning Kerry P. Holmes, Jerilou J. Moore, Stacy V. Holmes, 2023-04-27 Did you know you have the power and the materials at your fingertips to facilitate the actual brain growth of students? This book is a practical resource to engage K-6 students with STEAM content through their five senses: seeing, listening, touch, movement, smell, and taste. It combines historical research, practical suggestions, and current practices on the stages of cognitive development and the brain's physical response to emotion and novelty to help you learn ways to transform ordinary lesson plans into novel and exciting opportunities for students to learn through instruction, exploration, inquiry, and discovery. In addition to providing examples of sensory-rich unit plans, the authors take you through the step-by-step process on how to plan a thematic unit and break it down into daily seamless lesson plans that integrate science, technology, engineering, arts, and mathematics. With 25 themed STEAM unit plans and activities based on national standards, up-to-date research on brain science, and real classroom experience, this book shows multiple ways to develop and deliver active multisensory activities and wow your students with sights and sounds as soon as they come through the door of your classroom.

A Guide for Using Brown Bear, Brown Bear, What Do You See? in the Classroom Mary Bolte, 2004-11 Teaching literature unit based on the popular children's story *Brown Bear, Brown Bear, What Do You See?* *The Five Senses*, 1991 Environmental education curriculum materials on sensory perception. This unit is part of a series called REEP designed to be taught in sequence as part of a logical whole, although each lesson stands on its own as well. Each unit contains an introduction with background information, a lesson summary with the outline of the instructional flow, a unit evaluation, and bibliography. The lessons contain up to three activities that require up to three class periods to complete. Ready-to-copy pages, written concepts, objectives, materials, and time required for each activity are included, as well as special teacher resources pages. The kindergarten unit explores the five senses through age-appropriate activities and games. Most activities require approximately 30 minutes.

The Five Senses, 1995-09-01 This five senses packet provides activities to accompany your unit. It is divided by sense and provides multiple activities for each one. Continue the fun with the additional activities that involve multiple senses. At the conclusion of the unit, children will have a greater awareness of themselves and their senses.
