Geography, History and Concepts Arild Holt-Jensen, 1999      *Geography* Arild Holt-Jensen, 1981      **Geography**, 2009  
First published in 1980      Geography It's History and Concepts: a Student's Guide,      **Geography** Arild Holt-Jensen, 1988  
Geography Arild Holt-Jensen, 2009-09-24 Now in a fourth edition this standard student reference has been totally revised and updated It remains the definitive introduction to the history philosophy and methodology of human geography now including a detailed explanation of key ideas in human geography's post modernist and post structuralist turns The book is organized into six sections What is Geography an introduction to the discipline and a discussion of its organization and basic research approaches informed by the question what difference does it make to think geographically Foundations of Geography an examination of geography from Antiquity to the 1950s with a special focus on human environment relation Geography 1950 1980 a critical review of the development of geography as a spatial science Paradigms and Revolutions an analysis of paradigm shifts in geography introducing students to key debates in the philosophy of science Positivism and its Critics a detailed discussion of positivism critical theory humanistic geography behavioural geography and structuralism New Trends and Ideas developing critical responses structuration theory realism post structuralism post modernism feminism and actor network theory This text explores complex ideas in an intelligible and accessible style Illustrated throughout with research examples and explanations in text boxes questions for discussion at the end of each chapter and a concept glossary this is the essential student companion to the discipline      **Teaching World History: A Resource Book** Heidi Roupp, 2015-03-04 A resource book for teachers of world history at all levels The text contains individual sections on art gender religion philosophy literature trade and technology Lesson plans reading and multi media recommendations and suggestions for classroom activities are also provided      *Information Sources in the Social Sciences* David Fisher, Sandra Price, Terry Hanstock, 2018-02-19 No detailed description available for Information Sources in the Social Sciences  
Knowledge, Networks and Policy James Hopkins, 2015-05-08 The region has been used to understand and propose solutions to phenomena and problems outside the dominant spatial scale of the twentieth century the nation state Its influence can be seen in multiple social science disciplines and in public policy across the globe But how was this knowledge organised and how were its concepts transmuted into public policy This book charts the development of the academic field of Regional Studies and the application of its concepts in public policy through its learned society the Regional Studies Association In their modern form learned societies often play a complementary role to universities offering networks that operate in the spaces between and beyond universities connecting specialised academics and knowledge and making it possible for them to have impact outside the academy In contrast to the geographically tangible and popularly understood role of the university contemporary learned societies are nebulous networks that transcend barriers and whose contribution is difficult to discern However the production and dissemination of knowledge would be stunted were it not for the learned

society connecting scholars through a network of publications and events This book traces the intellectual history of regional studies and regional science from the 1960s into the 2000s and the impact of the regional concept in public policy through the changing priorities of government in the UK and Europe By approaching the history through the Regional Studies Association it interrogates the role and function of the learned society model of organisation in contemporary academia and importance as a knowledge exchange vehicle for public policy influence *Geography, Its History and Concepts* Arild Holt-Jensen, 1981 *American Book Publishing Record* ,2000 **National Union Catalog, 1982** ,1983 **Subject Guide to Books in Print** ,1971 **Resources in Education** ,1988 **National Union Catalog** ,1982 Includes entries for maps and atlases **Subject Catalog, 1982** Library of Congress, 1982 *Current Geographical Publications* University of Wisconsin--Milwaukee.
