Genesis Sequence Books 1 5:

The Genesis Sequence MacKenzie Morris,2015-12-05 Rav Tillman must escape the underground city of Odyssia after his only son is abducted by the corrupt military for experimentation Taken away across the remaining five galaxies under human control the boy could be nearly anywhere in the universe With the alien empire of Azimandia at war with humanity and more alien races making contact the boy is swept up in a political maze of slavery technology and war With an Australian half alien engineer the daughter of the president of Odyssia a talented scientist two Azimandian mercenaries a teenage priest in an exosuit and an ancient Biromian alien at his side Rav Tillman sets out to scour the universe for his son Nemo is out there somewhere He knows it And he will stop at nothing to have his young son back in his arms once more **The**

Covenants Second Book in the Biblical Evolution Revolution Series Michael Stansfield,2019-09-05 PART 1 delves deep into the Abrahamic Covenant and uses it rather than the Messianic Covenant to interpret the Old Testament This singular change reveals an intriguing perspective with the hope of generating peace and love between Christianity Judaism and Islam The viewpoint is a direct challenge the mainstream beliefs of Christianity Islam and Judaism With the discussion of Islam the author s perspective of the Quran is used as an intricate part of the prophecy rather than as an opposing viewpoint The discussion is candid and in depth Specifically related to the Jewish Palestinian Conflict as well as the War on Terror PART 2 looks at the Bible through the eyes of the Levitical Covenant Striking differences are revealed between God s covenant to Moses and His covenant with Aaron At the same time unexpected unions are discovered between the Levitical Covenant and the covenants of Cain Canaan s Esau s and others Biblical references are abundant for each conclusion Lutheran-

Teacher Training Series for the Sunday School ,1909 *Anthology of the Biblical Revolution Evolution Series* Michael Stansfield,2020-02-13 As primitive civilization developed society has established cornerstones in our thought and reasoning Things we are told repeatedly as fact from birth and are thus believed instinctively Many of these cornerstones now date back many millennia such as the Bible The BER Series takes a candid look into the Bible to explore how the theological beliefs within Institutional Religion have affected society in diabolical ways These books also challenge the church s theological cornerstones to prove that they deviate from the Bible and truly have an obscured understanding of the Divine Thus the goal is to bring an overdue debate to organized religion The hope is to remove the barriers that deny humanity the evolution of our species No topic is out of bounds A person could listen to ten lifetimes of sermons and never get even a fraction of the candor of these books Love them or hate them you will be unable to put them down and you will never see the World or the Divine the same way again In The Beginning Thomas Schaff,2002-06-03 **Studies in the Book of**

The Gospel of the Christ Thomas Lewis Stegall,2009-07 The Gospel of the Christ is a clear biblical reply to the question

of what a person must believe about Jesus Christ to possess eternal life While Christianity has historically maintained that faith in Jesus Christ is essential for everlasting life this raises the vital question what is the necessary content of this faith Written against the backdrop of the controversy within Free Grace circles over the crossless gospel and the contents of saving faith Thomas Stegall goes well beyond a carefully documented analysis of his own movement The Gospel of the Christ provides a systematic exegetically based treatment of biblical teaching on the subject of the gospel and the meaning of the title the Christ The end result is a comprehensive biblical and theological study of Jesus Christ s person and work in the contents of saving faith
